

Newsletter

Autumn Term 2024 - Edition 3

Welcome to the third RNN Group E-Newsletter.

This newsletter aims to ensure we communicate key information that is happening within the Group (made up of Rotherham College, North Notts College, Dearne Valley College and University Centre Rotherham) so you are up to date with all our news as a parent, carer or adult learner.

These newsletters will be sent out each term and we hope that they will provide a good spread of useful information for you so you can support your young person or indeed make the most of all that is available as an adult learner.

Induction Programme: September and October 2024

Our induction programme has spanned eight weeks right through September and October. Learners had a programme ranging from talks, presentations, workshops and activities.

Here's what we put on and we hope your learner benefited from these:

Week 1 (2-6th Sept) - Getting to know college with introductions and tours of the key facilities and department, Knowledge, Skills and Behaviour information and making new friends... and lessons started!

Week 2 (9-13th Sept) - September sign up week for activities and clubs and we hope your young person joined some activities and clubs here at College

Week 3 (16-20th Sept) - We found our learners were enjoying their learning and college life and we invited you - parents and carers - in to find out more too

Week 4 (23-27th Sept) - Swap Don't Drop began with some students making the switch from one course to another rather than dropping out of College and now they have found the course for them!

Week 5 (30-4th Oct) - Careers Week with workshops, careers fayre and information sessions

Week 6 (7-11th Oct) - Wellbeing week where our learners after a busy few weeks had some me time.

Week 7 (14-18th Oct) - Skills for Everyone: workshops and guest speakers on Power Skills (find out more below!)

Week 8 (21-25th Oct) - Celebration week before starting the half term break.

FREE Webinars

RNN Group has recently launched a new webinar series which are totally free. These webinars are for adults, employers, partner organisations, school's careers leads, Headteachers, prospective and current learners and parents who might be interested in some or all of the topics that we will be running.

Our next webinar is for parents who want to support their learners with college, **visit our page to find out more and book on.**

#MyTime for University Centre Rotherham

Did you know we have a University right here in Rotherham? It was built to support the local community and not only is it cheaper to attend than other universities, as it is right here in Rotherham there is no need to pay hefty accommodation fees.

Courses are full and part time so they can work round family and work commitments. If you need convincing, then **click here** to have a look at these adult learners who have returned to education to complete a degree.

Our new Commercial Services Website is now up and running

We are delighted to have launched our new Commercial services website that aims to promote the amazing fine dining, fitness and hair and beauty services across the Group.

As well as showcase the talents of our students who in many of the venues are trained by our experts to deliver you and members of the local community top class services alongside a five star customer experience.

Whether you want to enjoy a haircut followed by business lunch at the Wharnccliffe, put in a session at the Dearne Valley gym followed by a sports massage or organise a hair and beauty treat at the North Notts College salon, there is something for everyone. It also promotes the arts scene at Rotherham, so look out for exhibitions, performances and concerts by our learners at Rotherham College.

Skills for Employment

One of the most important requests we get from employers is for the future workforce to be given transferable skills or Power Skills as they are now called. These Power skills are in high demand by businesses, and employees will achieve more with these skills. These cannot be taught; they are learnt. Academic qualifications get you the interview but Power Skills gets you the job.

The skills are: Communication, Creativity, Critical thinking, Decision making, Leadership, Problem solving, Being Proactive / Having resilience, Self-Management and Time Management

Therefore we have launched a new initiative called Skills for Employment whereby learners can develop and refine these skills so that when they leave College, not only do they have a solid academic foundation, but they will have developed these in demand skills that will see them through their career. This scheme has been developed with and has the backing of local employers too as they are keen to see these skills. For more information visit:

Group Information for Employers:

- **Click here for North Notts College**
- **Click here for Dearne Valley College**

Student Awards

We are launching some Student Awards. As the RNN Group of Colleges we have four key values:

- We are inclusive
- We have integrity
- We deliver
- We are one team

Awards will be given daily and build up to termly awards for learners to win a prize based on the number of points they have scored against a value within the College.

Parent Portal

We have launched a brand new parent portal this year. This portal will have all sorts of relevant information for parents to support their young person with their educational journey at college and help them to achieve and be the best person they can be!

Your young person has to consent to you having this account but we have sent encouraging emails to learners to explain this is to help and support them with their college journey.

For more information or to sign up for an account, please visit:
