

# Introduction to Arts & Crafts

## Introduction to Arts & Crafts

**Campus:** Rotherham College

**Code:** RACCL001#

### About This Course

This course is suitable for beginners (learners with no prior knowledge) or learners with some previous knowledge. You will gain basic knowledge of craft skills to include: accurate measuring, folding & burnishing, matt & layering, how to use latch hooks/proggy pegs and uv resin. Learners will also gain knowledge of the terminology used within the different crafting medium.

### What Will I Study?

- Gain confidence and skills in being able to produce a variety of crafted projects, using materials readily available in local stores or home.
- Expand interests and attitudes in the area of craft related activities
- Be able to follow and understand instructions to produce a project
- Use a variety of materials, readily available.
- Develop interpersonal, soft and transferable skills for personal growth
- Develop skills outside their comfort zone
- Share own prior knowledge

### Why Study Here?

This course will give you a basic introduction to arts and crafts acting as a stepping stone to more complex community or academic courses; and encourage family relationships and employment possibilities.

### Entry Requirements
