## T Level Foundation - Health & Science

**Campus:** North Notts College - Worksop Campus

**Code:** W08SP03

### About This Course

The T Level Foundation Year is a 16-18 study programme specifically designed to develop the skills, experience, knowledge and behaviours to support progression onto a T Level.

It is a one-year programme aimed at young people who are not quite ready to start a T Level but have the potential to progress onto one.

### What Will I Study?

There are 5 elements to the T Level foundation programme:

#### 1. Diagnostic and guidance section

This is to help us assess the capability and support needs to tailor the individual support for the Foundation Year and help you progress onto the T Level programme.

#### 2. English and maths

If you have not achieved a GCSE English and Maths at a grade 4 you will have general and tailored sessions to help you achieve the required level.

#### 3. Work preparation and employability skills

To support you in developing the skills, behaviours, attitude, and confidence that will be needed for students to complete the T Level Industry Placement.

#### 4. Introductory technical skills

These are the core skills and concepts that you will need in order to prepare for the next level.

#### 5. Pastoral support and personal development

This is support you to become a well-rounded individual as well as support the development of study skills, reflective and resilience skills.

## Why Study Here?
